

## EE422C Project 4 Team Plan

*Shehryar Ahmed sa43897*

*Nicholas Duggar NBD422*

*Fall 2018*

- We initially worked separately, implementing functions.
- Nickolas implemented make makeCritic
- Both students sat down and implemented additional functions worldTimeStep, reproduce, & helper functions newX, newY, look, determine\_encounter using pair programming. This took roughly three hours.
- Nicholas added Javadoc comments
- Shehryar added teamplan and Javadoc html file
- Nick wrote several testcases
- Both students worked to debug program
