EE422C Project 4 Team Plan

Shehryar Ahmed sa43897

Nicholas Duggar NBD422

Fall 2018

https://github.com/EE422C-Fall-2018/project-4-critters-1-project-4-pair-59

- We initially worked separately, implementing functions.
- Nicholas implemented make makeCritter
- Both students sat down and implemented additional functions worldTimeStep, reproduce, & helper functions newX, newY, look, determine_encounter using pair programming. This took roughly three hours.
- Nicholas added Javadoc comments
- Shehryar added teamplan and Javadoc html file
- Nick wrote several testcases
- Both students worked to debug program
